INFORMATION

Article number: 2072

Parts	Material Description	Finish	Recycable end of life*(%)	Amount	Weight (kg)	Weight total (kg)
Cap	plastic		100%	4	0,022	0,088
base plate	Wood pressed		80%	2	2,48	4,96
upright	Aluminium	Powder coated	99%	2	3,738	7,476
ring	Aluminium	Polished	99%	8	0,007	0,056
Baseplate	steel	Powder coated	99%	1	10,18	10,18
Panel tube	Aluminium	Powder coated	99%	4	0,44	1,76
Brochure holder	Steel	Powder coated	99%	4	3,876	15,504
mouning block	Steel	Powder coated	99%	2	0,568	1,136
mounting hardware	RVS	Polished	99%	8	0,011	0,088
Total product						41,248

* Estimated percentage of recyclability at end of life. Recyclability depends on consumer use and re-use. Advice to separate materials as much as possible. Consider re-upholstering for upholstered products.

General

PACKAGING

When packaging products, as little as possible plastic packaging materials are used. Where possible, plastic is replaced by more sustainable options, such as crumpled paper instead of bubble wrap or suchlike. Products will only be packed with minimal plastic, if the quality cannot be preserved without plastic packaging. More than 95% of the product components come from suppliers located within a radius of 200 kilometers around our production facility.

CERTIFICATES

Cascando is ISO 9001 and ISO 14001 compliant. Products with FSC certificate can be supplied on request.

WARRANTY

Cascando's motto is 'quality first'. This is because we are convinced that the quality of the processes in our organization is an important condition for creating perfect working environments for others. Cascando products include a 2-year warranty. For more information, please refer to the terms and conditions. For information regarding maintenance, visit www.cascando.nl/maintenance.
