PACKAGING

When packaging products, as little as possible plastic packaging materials are used. Where possible, plastic is replaced by more sustainable options, such as crumpled paper instead of bubble wrap or suchlike. Products will only be packed with minimal plastic, if the quality cannot be preserved without plastic packaging. More than 95% of the product components come from suppliers located within a radius of 200 kilometers around our production facility.

■ FLAT PACKED □ PRE-ASSEMBLED □ FULLY ASSEMBLED

CERTIFICATES

Cascando is ISO 9001 and ISO 14001 compliant. Products with FSC certificate can be supplied on request.

WARRANTY

Cascando's motto is 'quality first'. This is because we are convinced that the quality of the processes in our organization is an important condition for creating perfect working environments for others. Cascando products include a 2-year warranty. For more information, please refer to the terms and conditions. For information regarding maintenance, visit www.cascando.nl/maintenance.
