

Piqnic

Design by Peter van de Water

Piqnic. Table and bench in one.

Piqnic brings together what belongs together: table and bench, in one clean and inviting object. Designed by Peter van de Water for the places where people gather, work or take a break. The canteen, the project space, the informal meeting area.

Piqnic responds to the growing demand for high seating. More and more work environments combine sitting and standing heights. With Piqnic, you offer that option without it feeling like a standing table with bar stools.

One object, one clear image

Piqnic gives a space a considered, streamlined appearance. Table and bench together form one integrated whole, with more focus and less visual noise.

The right configuration for every project

Suitable for 4 or 6 people, with or without backrest. A bar stool can easily be added at the short end.

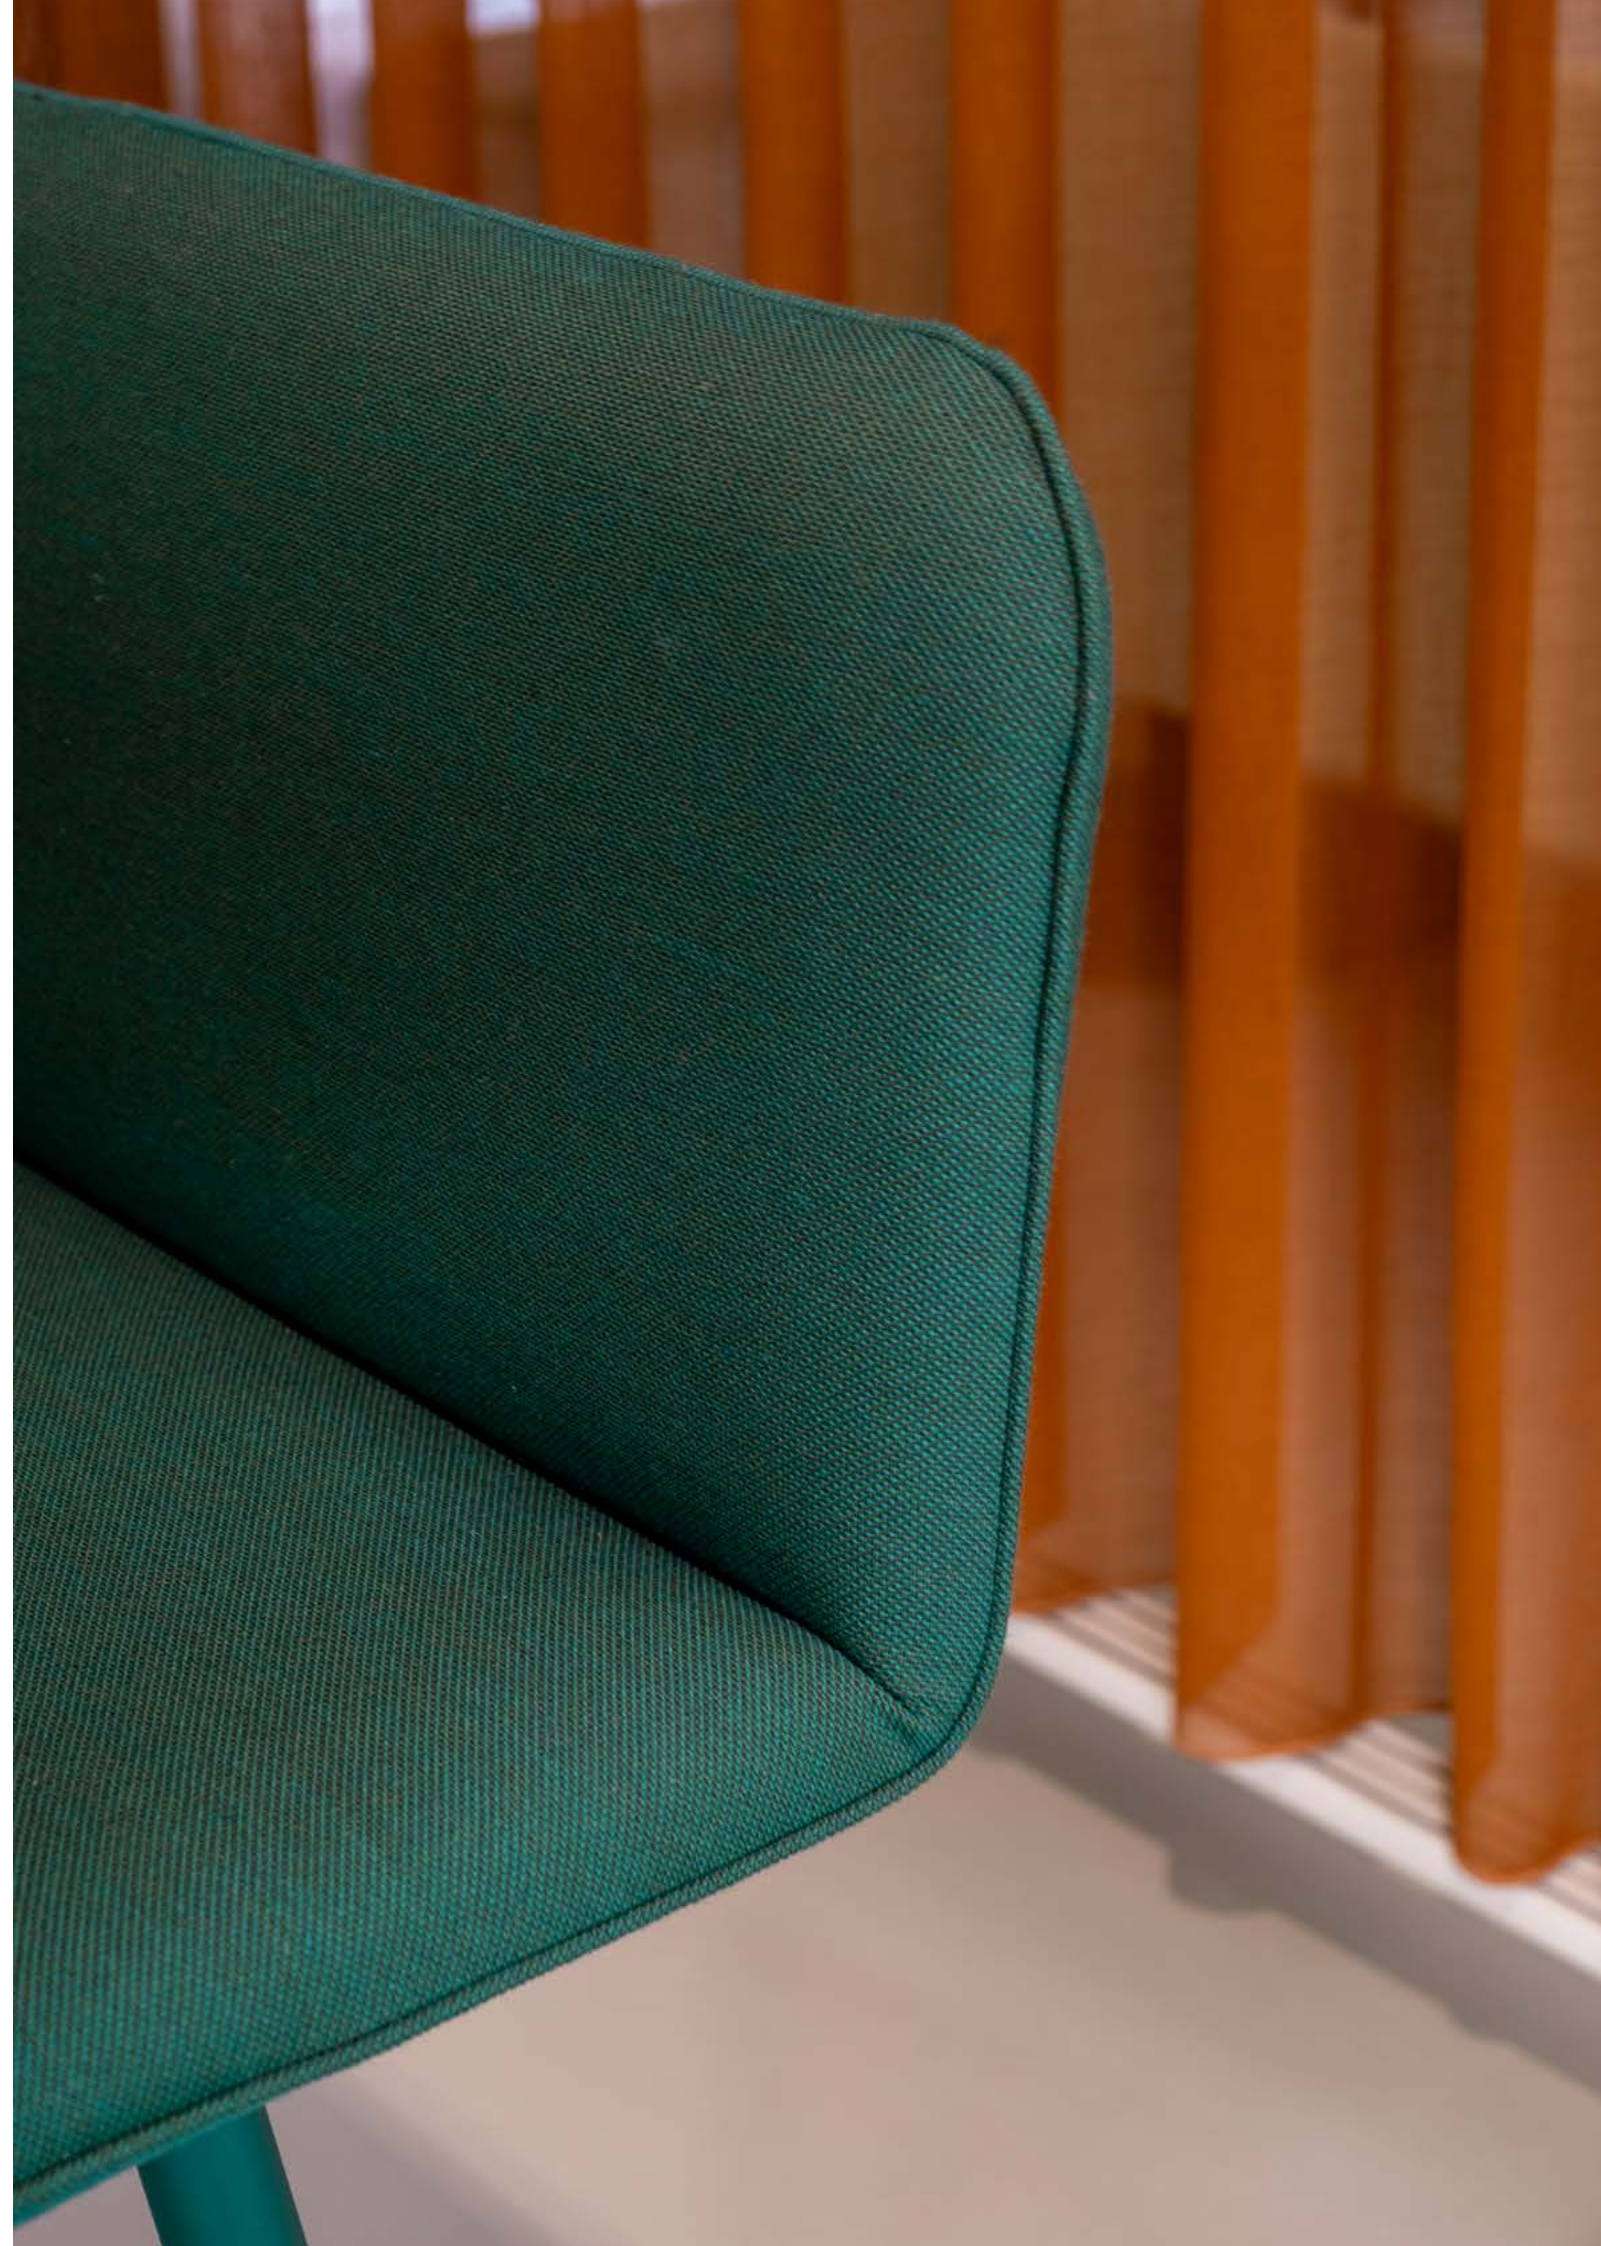

Always freely accessible

Even when multiple Piqnics are placed side by side, the longer tops provide enough room to step through easily. Multiple units can be combined into a larger arrangement that matches the scale of the space.

Smart design

Piqnic consists entirely of flat components. Easy to assemble, efficient to transport. The four-legged base minimises material use and keeps the design visually light.

Locally produced, with high-quality materials and an eye for detail.

Materials

Material overview of the Piquic. Every component is designed for durability, easy maintenance and a clean visual finish.

Powder coat colours

Steel frame finished with powder coat with a fine texture. Scratch-resistant and durable in use.

Pine
NCS 5 5540-B90

Brown
NCS 5 5030-Y50R

Traffic Black
RAL 9017

Grey White
RAL 9002

Fabrics

Seat with a plywood and PU foam base, upholstered in fabric of your choice.

Custom options

Other RAL colours on request. From 5 units without surcharge.

Other tabletop finishes available from 1 unit on request. Other colours within the product line are available at the listed price.

Customer’s own fabrics available on request.

Materials - Mono combinations

With the mono colour combinations, you offer a product that fits naturally in any space. No separate colour coordination needed, just one clear choice. Faster to advise, faster to order.

Four mono colour combinations

Pine, Brown, Grey White or Black. Tabletop, powder coating and fabric are coordinated down to the last detail for a calm and considered overall look.

For the upholstery, you can choose from two fabrics. Kvadrat Technicolour, pleasantly tactile and made from 100% English worsted wool. Or Gabriel Focus, a woven felt fabric of 100% premium worsted wool that handles 100,000 Martindale with ease.

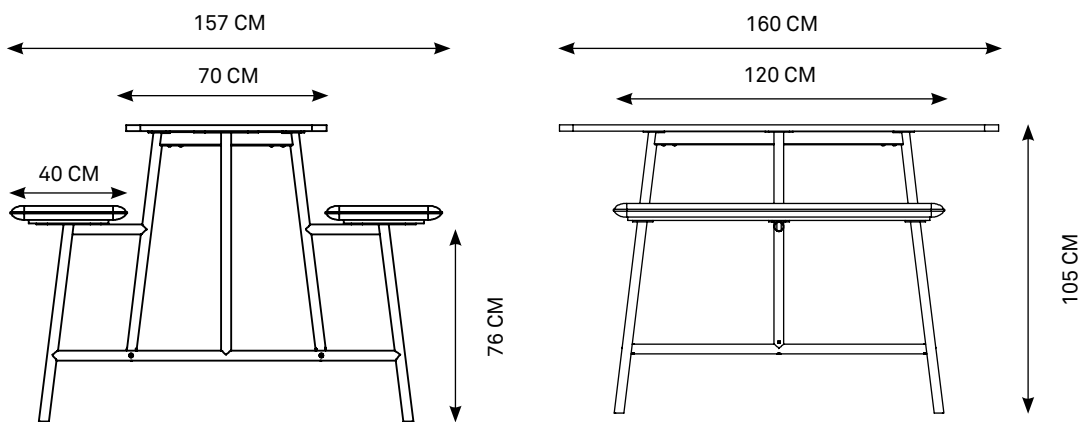

Tabletop upgrade

Standard finish: HPL top.
For Grey White and Black, an Arpa Fenix finish is also available.

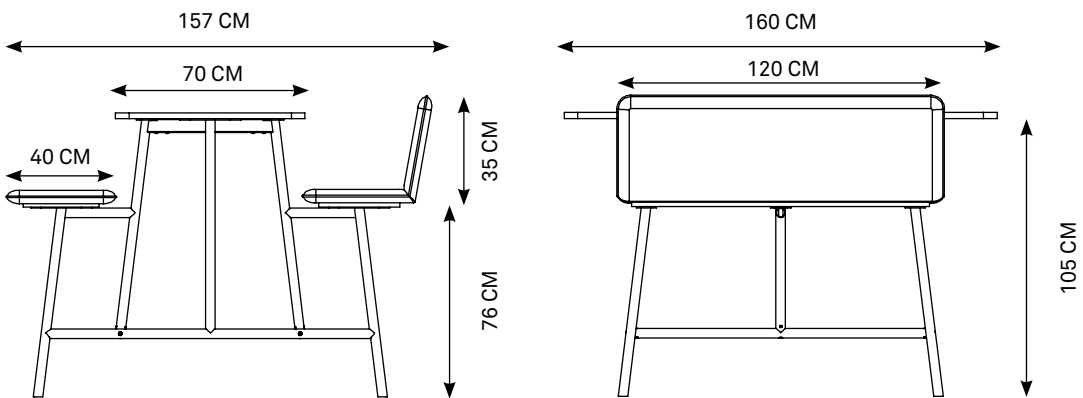

Tabletop finishes		
Colour	Brand	NR
